

Shaunteé D. Carpenter

Hello to all. I am so excited to have the opportunity to work with such an amazing group of students and impeccable staff for the fourth year of my teaching career. Just a few tidbits about me...I was born in California, but raised a Southern girl. With the support of my loving mother and family, I graduated from the University Texas at Arlington with a Bachelor's Degree in Information Systems in 2003. After setting and exceeding several personal goals in the corporate world, I found myself doing a little soul searching in hopes of finding something that would offer further satisfaction and self-fulfillment.

My search ended one evening after discovering an alternative certification teaching program offered by Region 10. The program provided me with an opportunity to extend my knowledge in General Education and specialize in Special Education EC-12. After acquiring my teaching certificate, I obtained a position as a long-term substitute at Jasper. Four short months later, I was warmly welcomed as a member of the Bethany community.

I have truly been blessed with an incredible family. We have intricately blended two families into one, which include my husband of five years, two beautiful girls and we recently welcomed our first son. Thank you for sharing the children you love with us and for giving me the opportunity to teach them to love learning.
