

## Kyle Lockhart

I am very excited to start my third year at Bethany. I became a part of the Bethany Community two years ago as a student teacher in third grade. I then began teaching fifth grade and I truly love it. This year, I have the pleasure of working with the same group of students that I student taught with in third grade. I have been looking forward to this for a while.

Along with teaching I am also working on my Master's degree at SMU. So far I have learned so many great things that I am able to use everyday in the classroom. I not only love teaching but love the role of student as well. I look forward to another wonderful year at Bethany Elementary.
