

## Kacy Terra

Entering my ninth year of teaching, I am so excited to join the Bethany team. I was born and raised in Louisiana... *Geaux Tigers!!!* I graduated from the University of Louisiana, and moved to Texas ten years ago where I completed my Master's degree at Texas Woman's University. After a fun and exciting career in Marketing and Public Relations, I followed my love of children by trading in the boardroom for the classroom. I am certified in both Special Education and ESL, and taught the previous five years at Jasper High School.

My wonderful family includes my two children, my mother, and my fiancé and soon to be step-daughter. Each day is brightened by the people that I love, and my family and friends mean the world to me!
