

Plano Senior PTSA is eligible for Matching Gift Programs

Many businesses - from large to small companies - have matching gift programs set up to encourage their employees to donate money to public service organizations such as our Plano PTSA. The typical matching gift program is set up so that a company or corporation gives the same amount of money its employee gave to the same charity. Plano After Prom is eligible for most matching gift programs. To participate:

Check with your Human Resource Department to see if your company has a **matching gift program**. Make a donation to Plano Senior High School PTSA, fill out your corporate application, and a check will be sent to us on your behalf.

If your company does not have a matching gift program, please take the following information to your Human Resources Department and ask them to make a contribution to Plano After Prom. You will need the following information:

Plano Senior High School PTSA is a non-profit organization which is recognized by the IRS as tax exempt under section 501(c)3 of the tax code. Plano After Prom is an event sponsored by the Plano Senior High School PTSA.

If your company needs more information on the event, please print the Plano After Prom information page on this website. Many matching gift programs are focused on education, so **encourage them to support the Plano After Prom Scholarship contribution area**. The PTSA has given on average each year over \$15,000 in scholarships to graduating Seniors. It is through the contributions of local businesses that we are able to continue this worthwhile endeavor.
