### No Class Set-up is required CD is required

Students will explore four topics that contain fiction and non-fiction stories.

1. Select the **appropriate icon** for the level that your CD is.
2. The student will type a **unique username** that he/she will always use.
  - First time users will select **First Time** when a message appears that the system doesn't recognize you.
  - Enter your **first and last name** and then click OK. The program will then provide you with the username that you will always use. (You typed this username at the beginning.)
3. Choose a **Topic**.
4. Choose a **Title** (a Non-fiction and a Fiction title will appear)
5. Click **Yes**, to predict what will happen and then click OK
6. Type your **prediction**.
7. **Read** the story. (The lion in the bottom right-hand corner allows you to turn the page or you can select "Read to Me" at the bottom of the screen.)
8. Type **what really happened** when the story is finished and then click OK.
9. You can choose to print.
10. You can view your sticker progress.
