All-Out MindTwister

This level contains review activities from all of the other levels.

Math Challenges

Each game features four types of math challenges: UFOs, Get a Clue, Totally Twisters (includes Story Problems, Number Line, and Mental Math), and Cooperation Break.

Detailed information about these challenges can be found in the Mind Twister Math manual at your school.

Customizing MindTwister Math

Check with your User Guide to see how to enter the Adult Options.

Preferences

- Clear all names from the Top Ten List.
- Adjust the brightness manually with the Gamma Correction slider if the program appears dark on your monitor's display.
- Setup single switch input options for students with special needs.

Note: You can use your mouse to navigate Adult Options and customize the program settings. When you return to the game, the mouse is disabled.
