

Guidelines for Writing Homework

Writing homework is an opportunity for students to work through the writing process. All items necessary to complete the assignment are included in your student's blue writing folder. These items are:

- Prompt
- Blank White Paper
- Blank White Paper
- One Lined Paper
- Rubric

Please DO NOT give your student any other materials including additional white paper or notebook paper. Students may not type their work. The lined paper may not be copied. All papers, used and unused, must be returned in the blue folder.

These are the ONLY items that will be provided or accepted when students turn in their assignment. If students turn in extra papers, they will be immediately returned to the student.

Please print and keep a copy these instructions for your information. Thanks for your support in making your students fabulous writers.
