

A Better World

Together we can
Keep our world pollution free
Reduce, reuse, recycle
It's as easy as one-two-three.

Together we can
Make our world hunger free
Collect, save, and give food to the needy
Don't you think we're ready?

Together we can
Make our world war free
Be friends with each other
Be nice and live in peace together.

Together we can do anything we want
Because, united we stand, divided we fall.
