

Debi Hanson

I love fifth graders! I have been teaching fifth grade for eighteen years. I began my teaching career in Richardson ISD, then took some time off to raise my three children, now 24, 20 and 17. I returned to teaching eleven years ago and began the second part of my teaching career in Plano ISD. I was previously at Mathews Elementary and after taking the 05-06 school year off, I am very excited to once again be in fifth grade here at Bethany.

In my spare time, I love to read, scrapbook and I really like watching reality television. I love all things Plano Wildcats! I have been a fan since 1977. My oldest son played basketball for PSHS, my daughter was a Planoette officer and my youngest son currently plays varsity soccer for the Wildcats. He also plays club soccer for River Plate and I spend a lot of time on the soccer field.

I am looking forward to another wonderful year here at Bethany and getting to know the families in this area.
