

Stacy Lawrence

I am excited to teach at Bethany Elementary this year! This is my fourteenth year of teaching. I have been teaching seven years now in Plano ISD, and taught seven years in Bloomington, Minnesota. I have taught all grades K-6 in some capacity, either as a homeroom teacher or as a Technology Specialist. I was a team leader at Huffman Elementary.

I grew up in Bismarck, North Dakota in a family of seven children. I was fifth in the family. I attended Minnesota State University in Moorhead, Minnesota where I earned my Bachelor's Degree in Elementary Education. I earned my Master's Degree in Curriculum and Instruction from the University of St. Thomas, St. Paul, Minnesota. I was Bloomington's New Teacher of the Year and also worked with the Bloomington Curriculum and Assessment Department. I moved to Plano in 2001 after I got married. My husband and I have two fabulous children.

I am so excited to be teaching first grade at Bethany. It is truly a community school. I love the stage of development, growth, and changes that the first graders have during this fun filled year! Their humor, curiosity, and openness to learning make me smile each day! I truly feel the responsibility of helping your child learn, grow, and be happy this year and greatly value the partnership with parents, staff, and community to create a successful year for your child!
