

Melinda Roberts-Price

I am a graduate of Texas Tech University. After a move to Dallas, I became a flight attendant for Southwest Airlines. The birth of my two children convinced me to quit the airlines and stay home with my boys after six years. At that time, I became a Jazzercise fitness instructor for many years and enjoyed teaching here in Plano. I have been teaching school in Plano for ten years. Bethany has become a wonderful home for me.

I have two outstanding sons! Taylor is a graduate of Texas Tech. He is employed with Allegiance Development as a leasing representative. Parker is a junior at Tech. They are the joys of my life. Last summer I had the honor of marrying Vince. We are very happy and have a beautiful home here in Plano.
