

Melinda Tate

I believe we learn every day. If what we learn is meaningful, it can help us to be successful. This success is what I strive for in teaching students and also for myself. After graduating from Texas Tech, and teaching for twenty-three years, I have enjoyed watching students have fun learning. I want them to be able to learn in a safe, friendly atmosphere, and to be able to show success which will travel with them throughout their lives.

I believe in the quote from Wayne Gretzky, "You will always miss 100% of the shots you never take." We must be willing to take risks and accept change in our lives.

During my spare time, I enjoy going to the lake with my family and shopping. In addition, I love spending time with my son who attends The University of Arkansas.

Some of my favorite things are summertime, eating seafood, and the color purple.
