

Beverly PTA Goals

“Strength through Unity”

To provide resources for both parents and teachers to ensure student success, safety and happiness.

To serve as advocates for our children’s education by informing our Beverly parents of current events and issues, so they may join in our efforts to represent their children’s best interests.

To strengthen our neighborhoods by increasing awareness of safety issues and increasing McGruff House participation.

To foster a desire to learn and understand the many different cultures belonging to our Beverly families and celebrate our diversity.

To enrich the lives of our Beverly families by providing opportunities for fun and socialization.

To nurture the efforts of our teachers and volunteers and recognize their dedication to our children.

To provide our families with community-service project opportunities.
