

AP US HISTORY RESEARCH PROJECT
PARENTAL NOTICE FORM

- I have read and understand the instructions for my child's AP US history project.
- I understand that my child will not be allowed to sign up for a research topic until this form is returned to his/her teacher.
- I understand that I can direct any questions I have about the research project (or any other aspect of AP US history) to my child's teacher by calling PSHS at (469) 752-9300 or by visiting **<http://k-12.pisd.edu/schools/pshs/apush/syllabus.htm>**.
- I understand that the research project counts as two test grades and that it will have a major impact on my child's grade for both the fifth six weeks and the spring semester.
- I understand that students will be working in pairs and that both students will receive the same grade on the project.
- I understand that my child's project may be graded by a member of the AP U.S. History team other than his/her teacher.
- I understand that my child must submit his/her paper to **turnitin.com** to be scanned for plagiarized material.
- I understand that the use of plagiarized material will result in my child receiving a grade of zero for the project.
- I understand that the final project is due on **March 4, 2008** and that absolutely no late work will be accepted after that date.
