

About this Plan

This document is a continuation and update of technology plans developed by Plano ISD and submitted to the state in 1989, 1992, 1997 and 2000.

Many of the recommendations in the earlier documents have been implemented, but new technologies have also meant that slight changes in direction when compared to the original plan were inevitable.

This plan follows the format outlined by the Commissioner of Education for the State of Texas in the Instructions for Technology Plan Approval Process for Universal Service Fund E-Rate Discounts. The content follows many of the suggestions published in the State of Texas Long-Range Plan for Technology, 1996-2010.

The Plano ISD technology plan is intended to be a living, working document. It will be reviewed annually by the district technology steering committee and updated as needed.

- Duncan Webb, Vice President
- Ralph Stow, Secretary
- Allan Bird
- Scott Carpenter
- Lloyd Jenkins
- Melody Timinsky

Superintendent Dr. Doug Otto

Focus Group Participants

Plano ISD Technology Steering Committee

Our challenge in education today is to provide learning experiences and classroom environments that enable students to function with technology resources in a natural manner and to give all students real-life experiences that assist them in outside-of-school learning and working situations.

Table of Contents

Foreword	1
Executive Summary	5
History of Technology Implementation in Plano ISD	10
Executive Leadership and Involvement	15
Focus Group Input Process	18
Integrating Information Technologies into the Curriculum	
Elementary School Level	21
Middle School Level	25
High School and Senior High Level	29
Special Education	36
Integrating Information Technologies into Administration	38
Staff Development for Effective Use of Information Technology	41
Assessment of Needed Telecommunications Services	48
Budget Strategies to Maintain the Technology Plan	73
Evaluation Plan	79
Policy and Procedure Development and Revision	80
Appendices	
A. Acceptable Use Policy	81
B. Focus Groups: Participants and Summaries	109
C. Data Disaster Recovery Plan	119
D. Plano ISD Software Standards	127
E. Problem Reporting	128
F. Technology Acquisition and Approval Procedures	129
G. Instructional Software Applications	131
H. Elementary Technology Competencies	142
I. Texas STaR Chart Results	145
